

**STUDENT IMMUNOTHERAPY CONTRACT**

Immunotherapy is a serious responsibility for the student and the provider. In order to safely assist you in maintaining your schedule while you are at SUNY Geneseo, please read carefully the following information and indicate your agreement by signing at the bottom of the page.

Allergy injections are administered only to students who have paid the full health fee. These injections require an appointment, Monday through Friday, 8:15 a.m. through 11:45 a.m. Appointments must be scheduled in advance and injections are only given when a clinical provider is present in the building. All serums and administration orders must be received at Lauderdale Health Services at least 48 hours prior to an anticipated injection.

*It is the student's responsibility to inform their physician of the following procedures:*

Health Services does not mix solutions or initiate allergy injections. However, we will build up dosages and provide maintenance injections. In the event that there is a period when no allergens are given (i.e. due to vacation), your physician **must** provide written instructions on how to resume the injections.

Each serum extract vial must be labeled with its contents, concentration, expiration date, and student's name. Health Services will store students' allergy serums in the Health Services refrigerator. Health Services does not assume responsibility for any breakage that may occur.

Health Services requires students to present current (within 1 year), precise instructions signed by their physician, including dosages, dose increases, late dose adjustments, and time intervals between injections. The date of the last injection is mandatory. Students are expected to adhere to their injection schedule. Students who are overdue for an injection, **MUST HAVE DOSAGE ADJUSTMENTS IN WRITING FROM THEIR ALLERGIST, VERBAL ORDERS ARE NOT ACCEPTABLE.**

Students are required to wait 20 minutes after receiving injections. After the waiting period, the injection site must be checked by a clinical staff member, for degree of reaction. **This is strictly enforced**

If you forget to pick-up your serums, prior to returning home for breaks or over the summer, there will be a \$10.00 charge to your student account for **each** mailing of serums & administration forms.

**Failure to comply with the above procedures may result in termination of allergy injection services.** If you have any concerns, please discuss them with the Health Services staff.
